### Hillary for President 2020

Finally, Joe Thomas has come back to KURY Radio AM 910 of Brookings, Oregon!

The information just got outed by Infowars and Alex Jones. Hillary Clinton has every intention of running for president in 2020. That is not a real big surprise to me or course. Hillary Rodham Clinton has all the drive and ambition in the world. Her only problem is that everybody outside of the Bush Crime Family and the Democrat Party hates her guts.

It also helps the Hillary that most of the media kisses her butt most of the time. The fact of the matter is Hillary will run for president because she has nothing else going for her in her stupid, useless life. Hillary and her stupid husband are so dangerous because they will do and say absolutely anything to get power and keep it. It is this element that makes it absolutely stupid and asinine that Trump would not move and put those two power-mad freaks in prison as soon as possible.

It takes a pair to take on the Clintons and beat them at the ballot box. Obama might be a no good sneaky snothead but he had the pair that is so necessary to take on the Clintons. Donald Trump has a pair bigger than anyone else and that is why he beat Hillary so badly. Believe me, Trump also beat Hillary in the popular vote. Hillary had to cheat to win that officially. Bernie Sanders is a little wimp who does not have a pair and that is why he can never beat Hillary.

And remember kids, Meryl Streep is still a creep.
