#### Journalism Class

This editorial is airing on August 20 and Meryl Streep is still a creep and CNN still stands for Creepy News Network.

Madonna says she is so fed up she will be moving to Portugal. I guess that any old port in the storm will do for that whore. How about any port for you Gal?

It is nice to see that the New York Times has officially embraced racism. The New York Times has hired this Asian woman to be on their editorial staff and she has made it her mission in life to let people know how much she hates people and she talks about how much she wants to see all the white people die all the time. Exsqueeze me? David Duke or Louis Farrankhan were not available to the New York Times? Why doesn't the New York Times hire Roesanne Barr? I am sure she would be a lot more entertaining and equal. Roseanne Barr says she hates everybody.

Oh, by the way, Donald Trump's approval rating with black people has gone up from 15 to 29 percent. I guess that the cheap shot tactics being used by Black Lives Matter, Antifa, the media, and the Democrat Party are not working.

Maybe Hollywood Lebron the Con James should quit trying to be as big an idiot as Maxine Waters.
