Joe Thomas

Finally, Joe Thomas has come back to the local home of free speech...KURY Radio am 910, because it sure as hell is not the Del Norte Triplicate and the Pilot newspaper. KURY is also the radio home of the Portland Trailblazers and the Oregon State Beavers. KURY Radio of Brookings Oregon is also the home of Joe Thomas and I am the greatest man who ever lived since George Washington. I just said that to see if you were paying attention. MessNBC and the creepy news network make asinine and over the top comments like that all the time...every day of the week and every hour of the day. It makes me very sad to hear that Tim Conway now has dementia. I would rather have learned about him dying. Tim Conway is truly one of the greatest comedians who ever lived and he will go down in history as one of the greatest comedians ever. Tim Conway has always been so full of life and he has always made me laugh even to this very day when they show reruns of the Carol Burnett Show on METV. I mention this because I do not give a rip about at least 98 percent of the politicians who get sick and die. If you do not have anything nice to say about someone do not say anything at all. The less I have to say about a certain senator from Arizona the better. I will have plenty to say about that guy in the future and I will not be nice because I would rather tell the truth. And remember kids...Meryl Street is still a creep. You heard it from me, Joe Thomas. The man is too dangerous for the Pilot and the Triplicate.
