

## 'Creepy Porn Lawyer'

By, Joe Thomas

Finally, Joe Thomas has come back to KURY Radio of Brookings, OR. KURY Radio AM 910 is also the home of the Portland Trailblazers and the Oregon State Beavers. Remember kids Meryl Streep is still a creep and CNN still stands for creepy news network.

Apparently, the creepy porn lawyer feels he was treated unfairly by Tucker Carlson on the Fox News channel recently. Well Boo Hoo Hoo! The creepy porn lawyer is one more stupid jackass who plans on running for president in 2020. The whore Stormy Daniels has really done this country a serious disservice with all her whining and sniveling about Donald Trump. Get a life ho! Tucker Carlson never calls creepy porn lawyer by his real name and that is the exact right way for Tucker Carlson to handle the situation.

Have you ever noticed how a certain editor for the Del Norte Triplicate and Curry Pilot only prints letters from people he disagrees with every once in a blue moon? If you happen to agree with that guy he will print your letter even if it is longer than war and peace. He recently printed a letter from a Medford woman bitching about Greg Walden. Huh? Greg Walden is not a congressman and the letter was a complete copy of a letter that printed just a few days earlier. Funny how I have never seen any letters praising Greg Walden in the pilot. This is an example of obvious bias by the Pilot editor and from now on he shall have the name 'one strange bird'. The Pilot newspaper should replace him with somebody who actually supports free speech.

Free speech is for everyone, not just people who hate Donald Trump!
