

- All **Juniors** were also given the chance to take the PSAT, for a small fee. The rest of the Junior Class took the Armed Services Vocational Aptitude Battery test otherwise known as the ASVAB that produces career pathways information.
- Finally, all **Seniors** participated in numerous "senior year related" hands-on workshops, such as "How to request a Letter of Recommendation," "Scholarship Applications," "College, Trade and Work Applications," and "Financial Aid Basics".

Brookings-Harbor High School has many opportunities coming up for students to learn more about potential colleges or training programs. This month includes a Linfield College visit program on Oct. 15, and a visit from Oregon Institute of Technology representatives on Oct. 22.

Fall is great time for students to plan ahead for their future. I recommend taking the time to talk with your student about what they participated in on Academic Excellence Day and ask them about their career goals and plans. Together, we can ensure that "Every Student Can Succeed" here at Brookings-Harbor School District.
